

Mission Statement

United Technical Center will provide rigorous and relevant career and technical education that allows students to succeed and achieve to their highest potential in the workforce of the 21st Century.

Core Beliefs

We Believe....

1. In a 21st Century learning environment that motivates and prepares students for lifelong learning.
2. We must strengthen community support, expand public awareness and enhance the lines of communication between the community and the faculty of UTC.
3. Qualified and concerned staff must be employed and provided with opportunities for professional development.
4. In providing a safe environment, 21st Century equipment, tools, technology, and instruction to maximize learning, and in optimizing the use of all available resources.
5. That by conducting on-going evaluations of programs, policies and procedures, and by successfully meeting state standards on mandatory testing, we will ensure United Technical Center's commitment to excellence.
6. Students, staff, parents, and community must actively share in the responsibility for learning.

Length of Course

Overview

Do you realize all the possibilities you're about to create for yourself? By choosing a career in cosmetology, you don't just learn about hair care, you learn skills for complete body care. You will learn techniques in skin care styling, fashion, nail design and spa services. You will have classes in hair coloring, permanent waving, hair shaping and hair styling. You will also learn the skills necessary to operate your own business and to be a successful stylist in a salon. At the same time you will be learning the skills necessary to enhance your own appearance and develop communication skills that are needed to be successful.
